

SUPERBIA

Cod.: 14200

The line of 7 capital vices begins with "Superbia", this blue-veined buffalo milk only is a cheese that looks down on everyone else, even if you taste it you immediately understand that it is not a blue like all the others ... is a true work of art.

A cheese with an impressive size compared to the others in our assortment, since the shape is about 6/7 kg. Its character is really complex as it respects the characteristics of buffalo milk, i.e. sweetness and a slight acidity, the long maturation then also gives a good dose of flavor and pungency, but in the end beyond the intense animal sensation leaves all those notes that are the characteristics of buffalo milk

If it is used in gastronomic preparations or in dishes, care must be taken not to exceed the quantity.

Refined for at least 150 days in our caves, it acquires a truly unique characteristic.

The crust is NOT edible.

In 2018 he won the Superior Quality Award at Infiniti Blu.
